*The care cost estimator provides estimates for comparison only. The accuracy of expected costs may vary based on claims volume, type of service, and profile of the member population.

Preventive care and health resources

Preventive care benefit

Most of your preventive care is covered at 100 percent if you see an in-network doctor, such as an annual exam, preventive lab work, and eligible immunizations.

Precertification program

Some services eligible for coverage under your health benefit plan require review prior to receiveing the service. Register at myibxtpabenefits.com, select the Benefits tab, click My Benefits Overview, and then the Medical Benefits at a Glance link to view the services that require precertification.

Case management

Case management serves plan members (you and your enrolled family members) who are diagnosed with a complex, catastrophic, or chronic illnessor injury. It helps support you and your health care providers by locating, coordinating, and evaluating services across various levels and places of care.*

Baby Beginnings®

Baby Beginnings is a maternity management program specifically designedto help expecting mothers successfully manage their health before, during, and after their baby is born. To get started call 833-242-1777 or email babybeginnings@ahatpa.com, with "Enroll" in the subject line. A nurse will reach out to you within two business days.

NICU care management

Independence Administrators offers support to plan members if their newborn needs treatment in a Neonatal Intensive Care Unit (NICU), including telephone and in-person support to families when their babies are in special care nurseries in the hospital – from the day the baby is admitted through discharge planning and the transition home.

*Coverage is subject to the terms and conditions of the group benefit plan.
